CAREER OBJECTIVE

I am a final-year computer science student specializing in data science and big data analytics. Eager to contribute my leadership, collaborative skills, and strong work ethic to software development, I am dedicated to learning and achieving excellence. With a passion for leveraging data-driven insights, I strive to make a meaningful impact and deliver high-quality results.

SKILLS

Technical Skills:

Java, C, SQL,HTML,CSS,Flask framework, Java
Hibernate Framework,Scrum,Kanban,Agile.

Soft skills :

Problem Solving, Leadership, Effective Communication
and Team work

Tools

Java Eclipse IDE, Tableau, VSCode, Psql, MongoDB,
Octoparse

CERTIFICATES

- SQL(Intermediate)-HackerRank [↗](#)
- Software engineer certificate - Hackerrank [↗](#)
- AWS Certified Cloud Practitioner [↗](#)
- JAVA(Basic)-HackerRank [↗](#)
- Python for data science [↗](#)

EDUCATION

KL University

2021 – 2025

Bachelors of Technology

BTech | CSE (Specialization in Data Science and Big Data Analytics)

Current C.G.P.A | 9.23

Sri chaitanya junior college

2019 – 2021

Intermediate

MPC | 97%

PROJECTS

Service Management System (Dec 2023-June 2024)

Developed a web application using Python, Flask, MongoDB, and HTML/CSS for managing flight schedules, bookings, and customer information. Users can log in, view available services, and book flights, with all details stored in MongoDB. Acted as the main contact for requirements and ensured the project met business needs.

Online Voting System (July 2023-Nov 2023)

I developed an Online Voting System utilizing Spring MVC and MySQL, with HTML and CSS for the front end.The system enables users to browse through available candidates and submit a single vote. Administrators have access to a dedicated login portal for managing candidates and conducting polls. Additionally,administrators have the capability to access and review comprehensive statistical data pertaining to the election outcome.This project underscores my proficiency in Spring MVC, MySQL, HTML, CSS, and Maven, demonstrating my ability to deliver robust web-based solutions with user-friendly interfaces

INTERNSHIP

Data Intern(May 2024-June 2024)

Leverage Edu

I worked as a Data Intern at Leverage Edu, gaining experience in data analysis using Excel and web scraping with Octoparse. Despite the short tenure, I developed valuable skills in data extraction and also great collaborative skills.
